WORLD SUICIDE PREVENTION DAY

WORLD SUICIDE PREVENTION DAY

SUICIDE IS A MAJOR PUBLIC HEALTH PROBLEM IN ALL COUNTRIES. ACCORDING TO THE WORLD HEALTH ORGANIZATION (WHO, 2014), IT CAN BE PREVENTED, PROVIDED THAT, AMONG OTHER MEASURES, HEALTH PROFESSIONALS AT ALL LEVELS OF CARE ARE ABLE TO RECOGNIZE THE RISK FACTORS PRESENT IN ORDER TO DETERMINE MEASURES TO REDUCE THIS RISK.

SUICIDE PREVENTION DAY, PROMOTED BY THE INTERNATIONAL FEDERATION OF EMERGENCY PSYCHOLOGY (FIPE/IFPE), BRINGS THIS INTERNATIONAL AND INTERCULTURAL MOMENT OF UNITY BETWEEN NATIONS WITH REPRESENTATIVES FROM ALL OVER THE WORLD WHO WORK TO PROTECT LIFE, TO PUBLICIZE THEIR WORK AND BRING EVERYONE WHO FIGHTS TO VALUE LIFE EVEN CLOSER TOGETHER.
